Industry Bulletin No. 01-2008

Rensselaer County Mortgage Recording Tax Extended

Attached hereto please find a copy of the Notice advising that the mortgage recording tax in Rensselaer County will continue to be \$1.25 for each \$100 of principal indebtedness secured by a mortgage recorded in that County.

An additional tax of \$.25 per \$100 which had been imposed by the County effective March 1, 2005, was about to expire. However, as reflected in the attached notice, legislation has been enacted to extend the County portion of the tax. Consequently, the rate of tax on mortgages recorded in Rensselaer County will continue to be \$1.25 per \$100 of principal indebtedness secured.
